Subject: Confirmation of Project Documentation Review

Dear Ms. Venn,

Thank you for your recent correspondence concerning the planned review of the internal documentation package for the Meridian Archive pilot project. We are pleased to confirm that the initial material has been received for evaluation.

Our team will assess the document inventory, review the proposed naming conventions, and prepare a short summary of any inconsistencies identified. The review is intended solely to support your internal quality-control process.

We expect to deliver a written summary by 23 November 2026. Should any additional clarification be required, we will contact your office before finalizing the report. No further action is needed from your team at this stage.

We appreciate the opportunity to assist with this project and look forward to providing a clear and practical set of findings.

Sincerely,

Alden Mire
Documentation Lead
Northvale Process Studio
